We have been greatly honored here at Lenapah these last twelve years by having as dedicated a teacher as Mrs. Helen Dunn.

She has faithfully served and taught here in the Elementary school, and we all have grown to love and respect her.

She is not only a great teacher, but was awarded a National Science Foundation Scholarship to Arizona State College. And, in 1975, she received the Nowata County Teacher of the Year Award.

This year Mrs. Dunn is retiring from teaching. She plans to care for her mother, when needed, and would like to learn the Cherokee language and study the world's great Religions.
