

ORANGE and BLACK

Maggie:
(hope you don't mind)

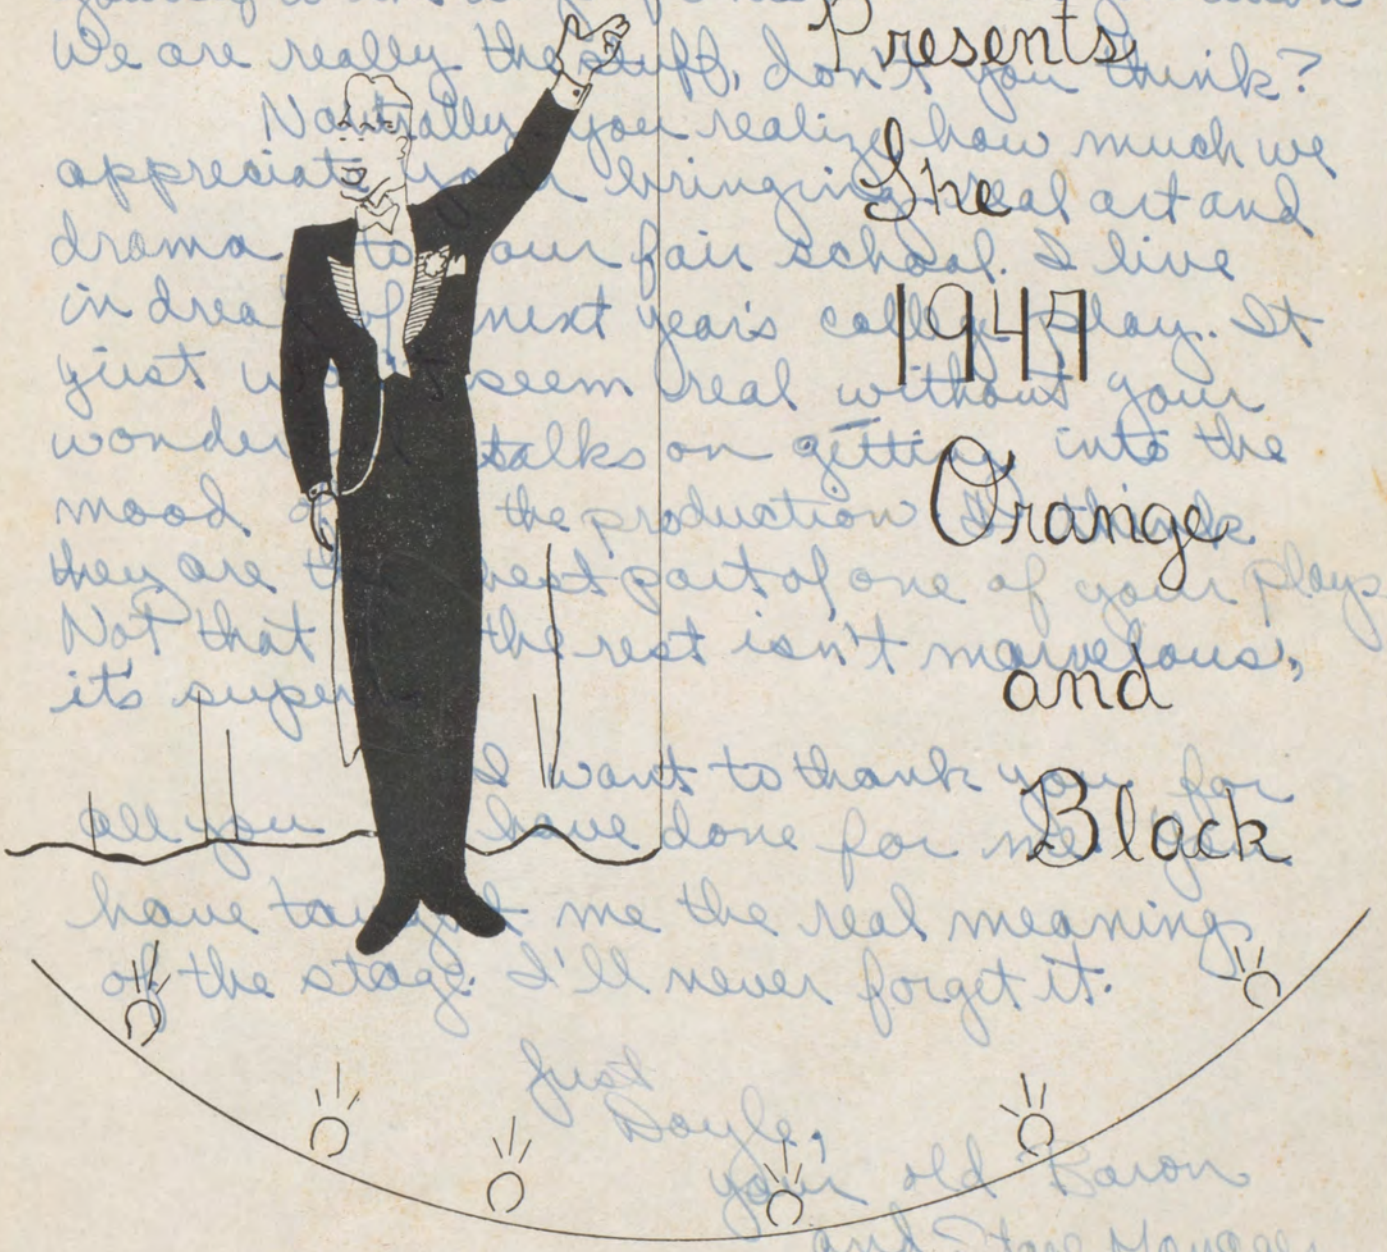

At last I have a chance to give a teacher the real low-down of how I feel toward her. It's been lots of fun coming into dramatics and raising all kinds of racket and stuff.

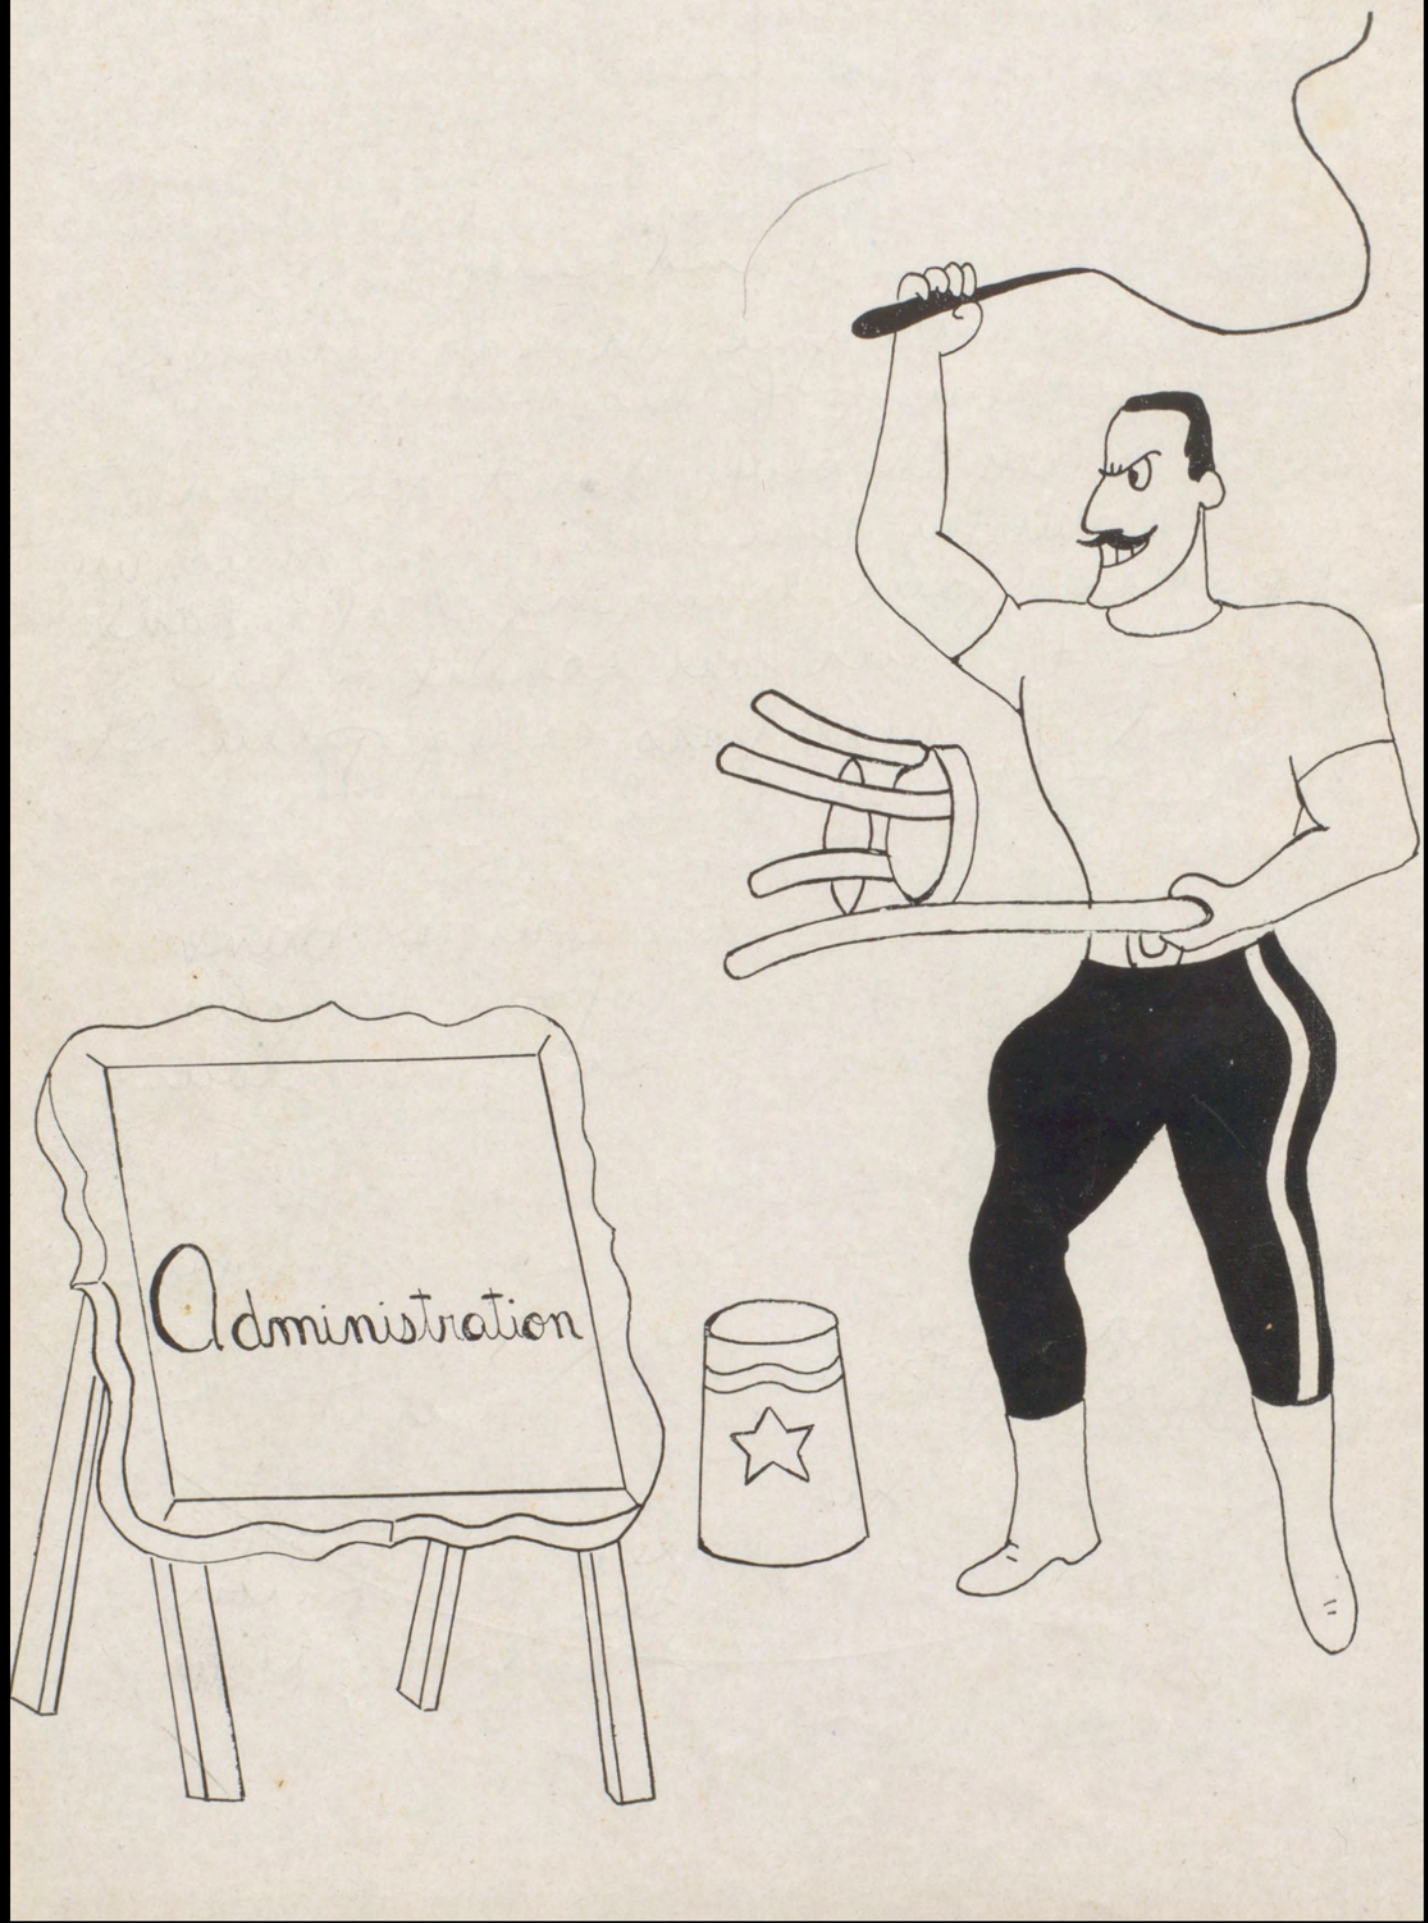

I do hope you have accustomed yourself to the ways of this modern generation. We are really the stuff, don't you think? Naturally you realize how much we appreciate your bringing real art and drama to our fair school. I live in dread of next year's call-down. It just won't seem real without your wonderful talks on getting into the mood of the production. Although they are the best part of one of your plays. Not that the rest isn't marvelous, it's super.

I want to thank you for all you have done for me. You have taught me the real meaning of the stage. I'll never forget it.

Just Doyle,
Your old Baron
and Stage Manager
