INDEPENDENCE

Dear Students:

With our nation facing another great crisis, we know that high school students are disturbed and at a loss as to know what to do.

By taking advantage of the educational opportunities available, students can prepare for tomorrow to be of greater service to their country and themselves.

We hope that Independence High School is helping its students maintain a sense of balance and face problems with confidence and reality.

Yours very truly,
Fred Cinotto

STUDENT CREED

I am aware of the many opportunities existing for me in the Independence Junior High School. As a student I desire to avail myself of the opportunities and at the same time help perpetuate and add to the splendid traditions and ideals which the school now enjoys.

As a lamp to guide my course, I will keep uppermost in my mind this thought. "Is what I am about to say, something that every student could do or say without injury to my school."
