INTRODUCTION

RURAL AND SMALL TOWN CEMETERIES OF THE SOUTHERN HALF OF MONTGOMERY COUNTY, KANSAS

Contained in this volume are cemeteries located in the townships of Caney, Cherokee, Fawn Creek, Independence, Liberty and Parker, including Havana, Jefferson and Liberty City Cemeteries. This volume does not include Sunnyside Cemetery of Caney, Kansas, nor Elmwood, Fairview, or Restlawn Memorial Park of Coffeyville, Kansas.

These records have been collected over a period of time extending from 1958. Some of these stones are no longer legible. It may be profitable to check the initial letters where they might be confused; such as B., P., R., since many of these names are no longer known in the communities today.

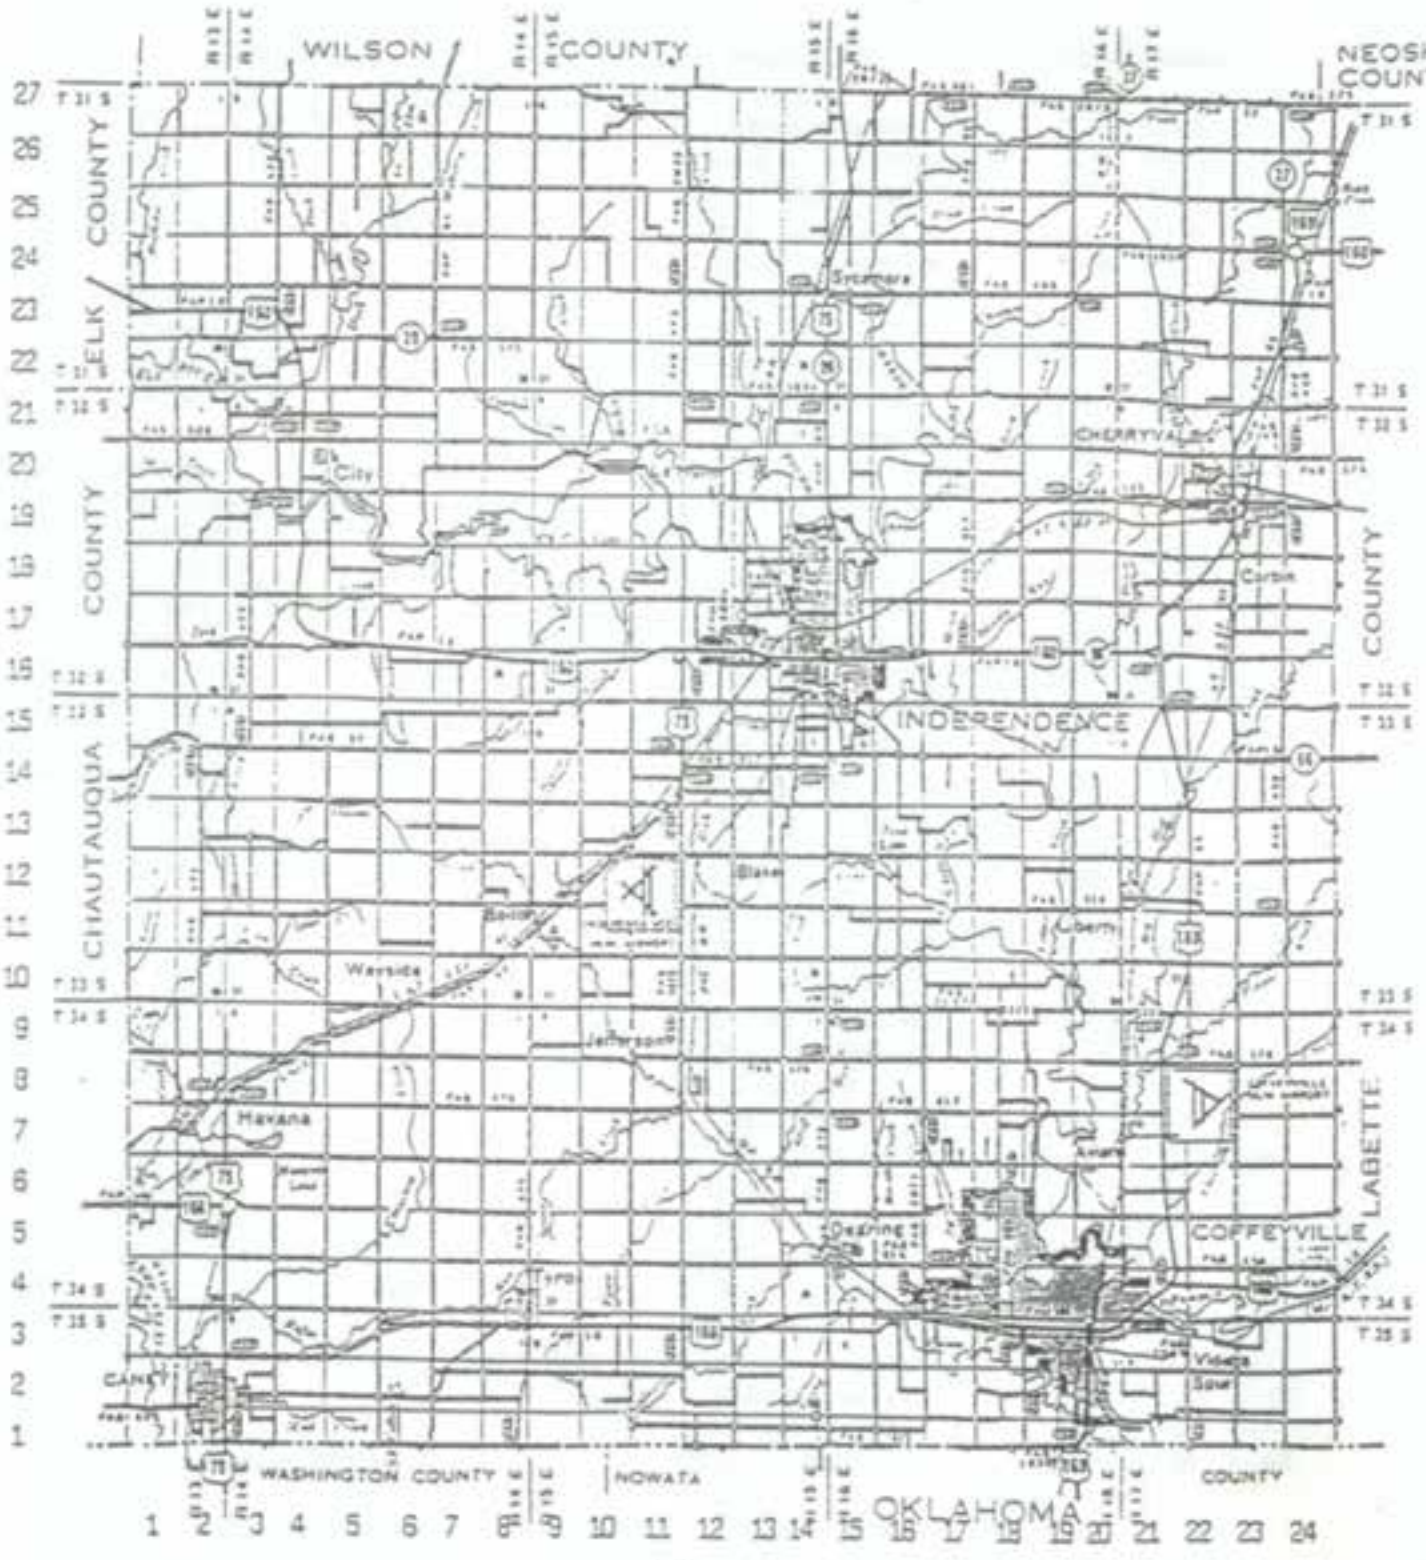

Cemeteries in Coffeyville and Independence have not been copied, since these cities have records. However, some of these records have been lost or destroyed by fire. This organization, "The Montgomery County, Kansas, Genealogical Society", hopes to copy them in the future. They will fill at least two volumes.

Many people, over the years, have worked on these records and out organization can take no responsibility for the accuracy of these records. We have simply done our best. Also many, so many, early pioneer burials, and even later ones, were marked with a sandstone rock or by a clump of iris, roses or a tree.

These inscriptions have been published in our little quarterly "The Descender", but we hope that they will be more useful offererd as a separate volume.

Montgomery County is located on the southern border of Kansas, touching Oklahoma, and about eighty miles west of the Missouri State line. It is about twenty-five by twenty-five miles in area. It was first opened to legal settlement in 1869, when the Osage Indians withdrew into present day Oklahoma.

In 1871, Emanuel Trotter donated two acres north of the present schoolhouse for a cemetery and gave a Chapel, therein, on the front of which he had inscribed "Christian Union Privilege Church". The land for the Liberty town and cemetery was given by Daniel McTaggart in 1871. The construction of the L.L.& D. Railway, across the east side of Montgomery County caused the removal of the village of Liberty (houses, name, and everything), to a site three miles southeast to where the present city of Liberty is located. Located one and one-half miles south and one-half mile west of Dearing or two miles west of Coffeyville overpass on U.S. 166 to Dearing turn, one-quarter mile south and one-half mile west. In the early 1900's, or before, a Robins Methodist Church was built just west of the cemetery. The original records were kept there. MONTGOMERY COUNTY CEMETERY BOOK

PART I (SOUTH HALF)

(old records)
(1993)

929.39781 M

INTRODUCTION

RURAL AND SMALL TOWN CEMETERIES OF THE SOUTHERN HALF OF MONTGOMERY COUNTY, KANSAS

These records have been collected over a period of time extending from 1958 to 1981. Some of these stones are no longer legible. It may be profitable to check the initial letters where they might be confused such as B., P., R. since many of the names are no longer known in the communities today.

Cemeteries in the towns of Coffeyville and Independence have not been copied since the these cities have records. However, some of these records have been lost or destroyed by fire. This organization, The Montgomery County Genealogical Society, hopes to copy them in the future. They will fill at least two volumes.

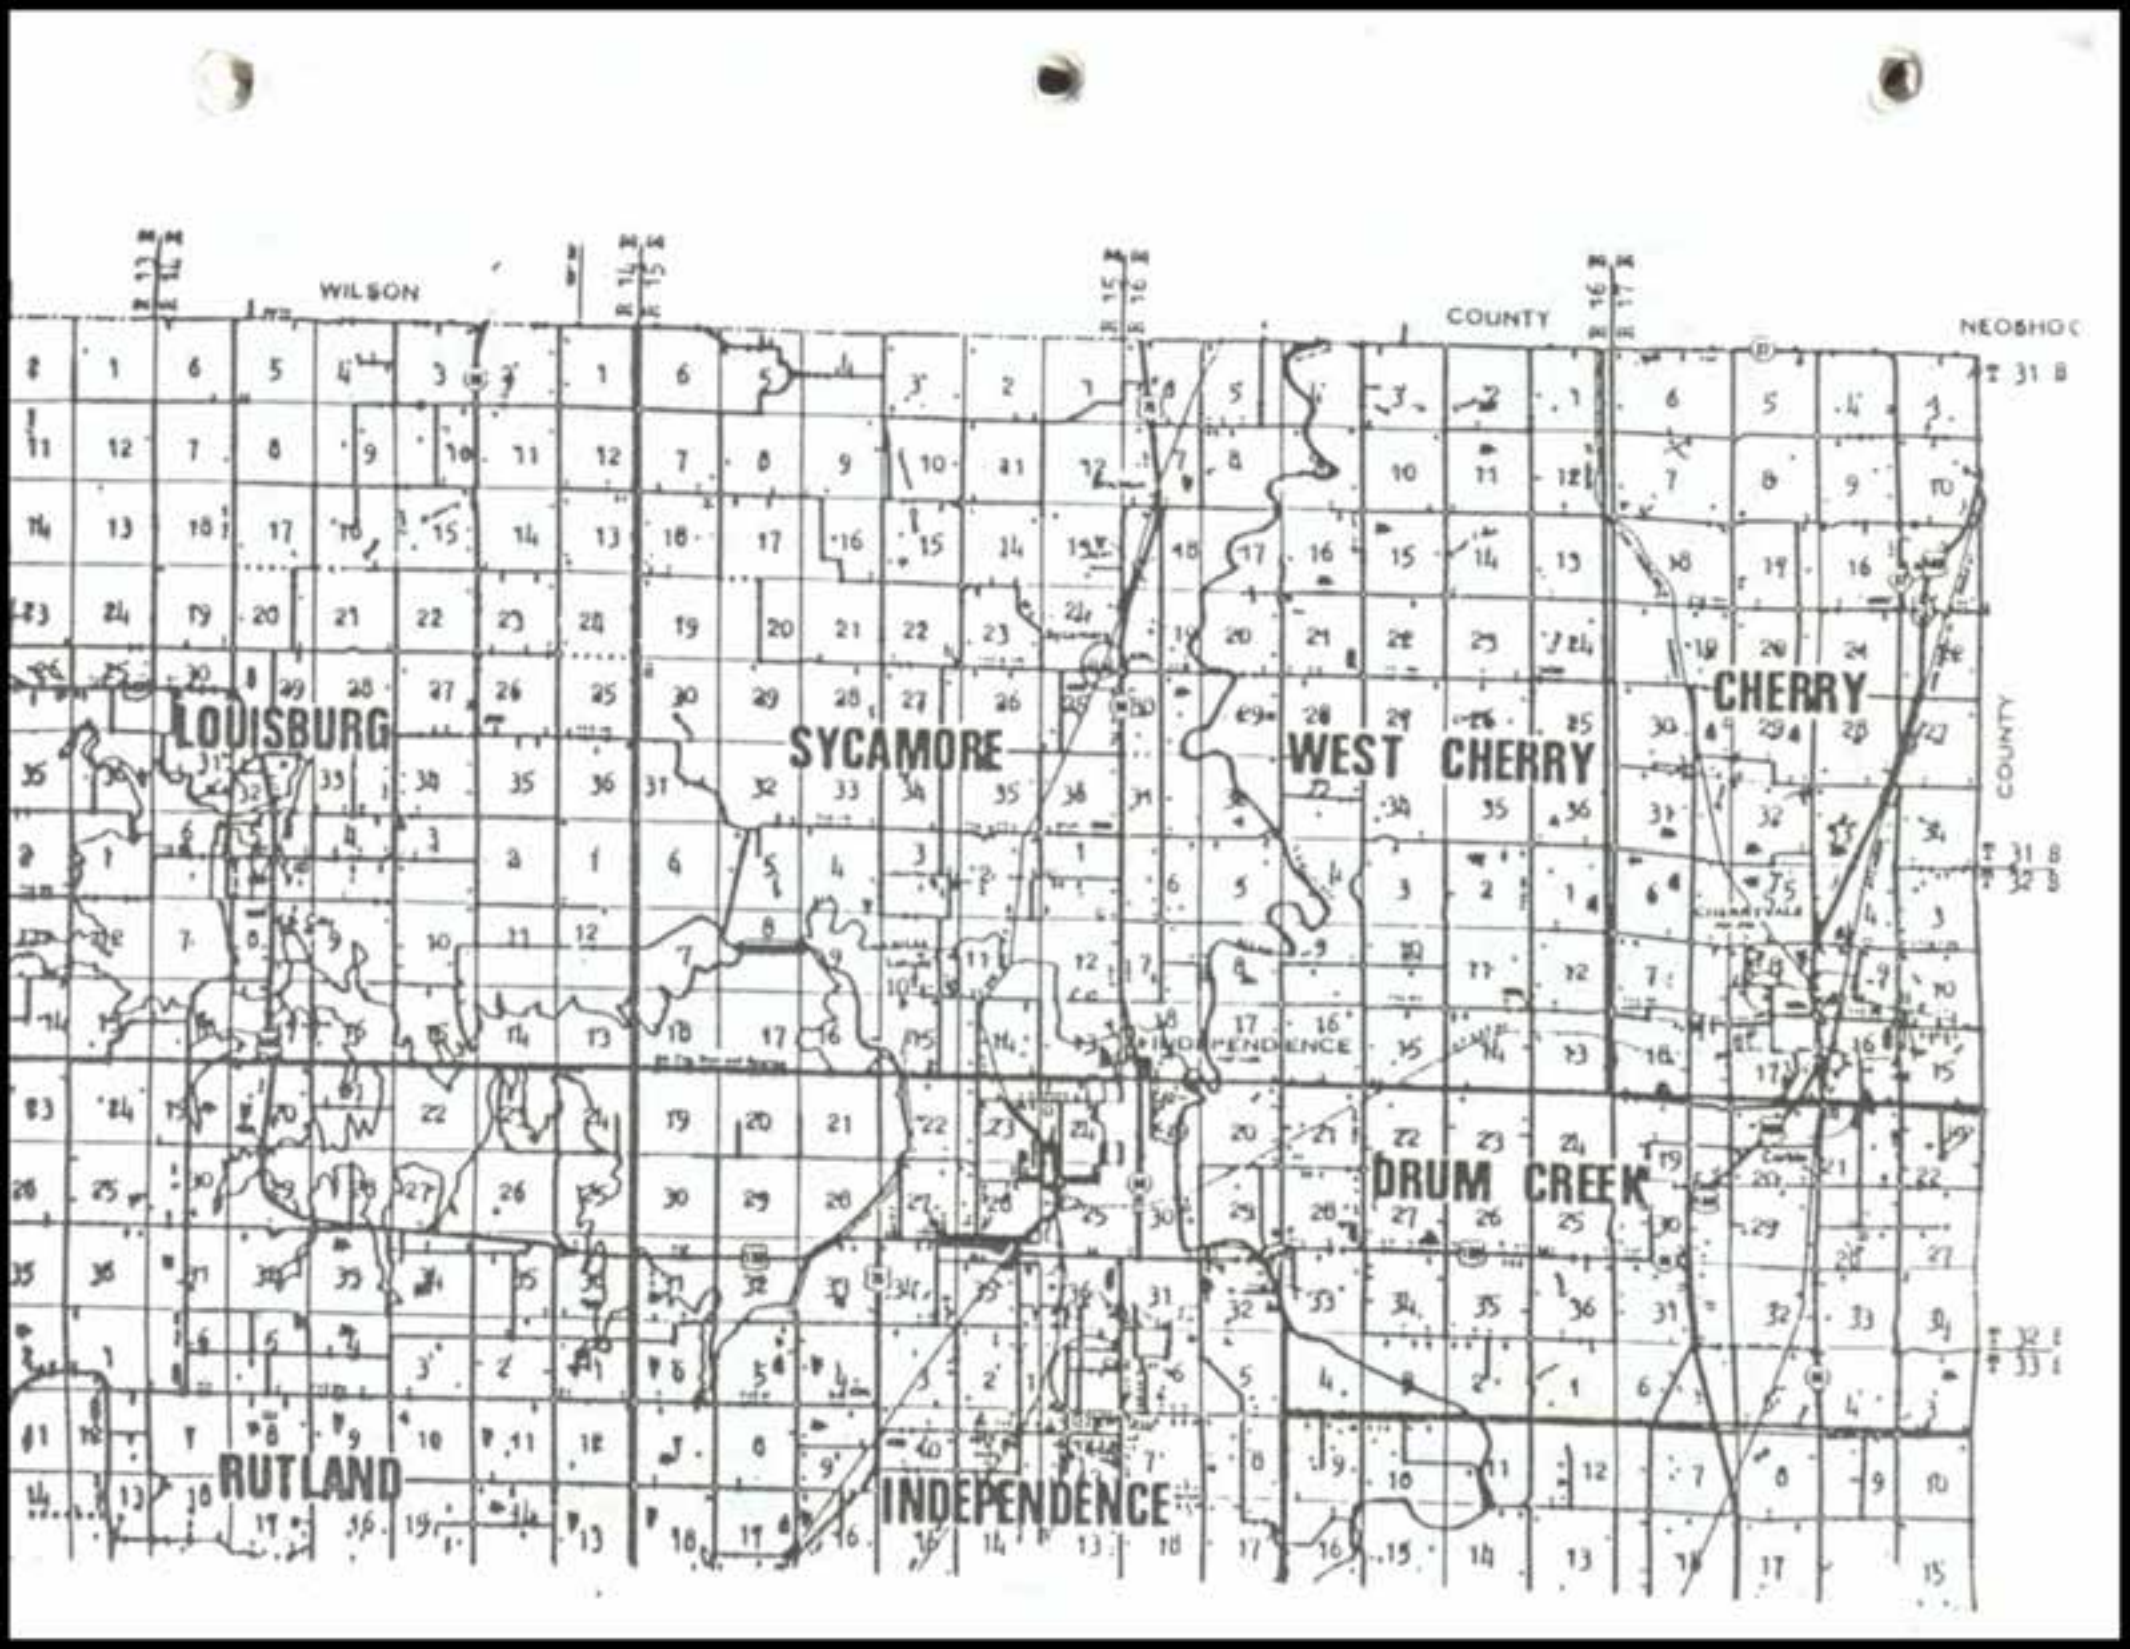

Many people over many years have worked on these records and our organization can take no responsibility for the accuracy of these records. We have simply done our best. Also many, so many, early pioneer burials and even later ones were marked with a sandstone rock or by a clump of iris, roses or a tree.

These inscriptions have been published in our little quarterly "The Descender," but we hope that they will be more useful offered as a separate volume.

Montgomery county is on the southern border of Kansas touching Oklahoma, and about eighty miles west of the Missouri line. It is about twenty-five by twenty-five miles in area. It was first opened to legal settlement in 1867, but the legal battle was not settled until 1869, when the Osage Indians withdrew into present day Oklahoma.

Havana Cemetery

City Cemetery - - S13 T34S R13E - City of Havana, Montgomery County, Kansas

Located in the city of Havana, Kansas. In 1871, Emanuel Trotter donated two acres north of the present schoolhouse for a cemetery and gave a Chapel, therein, on the front of which he had inscribed "Christian Union Privilege Church". He and his wife are buried in the shade of a large cedar tree northwest of the church. Information courtesy of Mrs. F.J. Mann, 1319 West 6th. St., Coffeyville, Kansas, 67337.

Pumpkin Creek (Kings / Clymore) Cemetery

SE 1/4 of NW 1/4 S34 T34S R17E - Cherokee township, Montgomery County, Kansas

Located one mile west of the Labette-Montgomery County Line on U.S. 166, on the north side of the highway. Originally called "Clymore" as the folks in Clymore Town to the southwest used it before 1900. The railroad put a flag stop less than a mile south and called it Kings Station. During the early years of 1900, the cemetery was also called Kings Station. Since Pumpkin Creek was near, it became easier to call it that and has been called Pumpkin Creek for many years now. Information transcribed by Mr. & Mrs. R. Laurence Edwards, February 16, 1980.

Robbins Cemetery

NE 1/4 of NW 1/4 S01 T35S R15E - Fawn Creek township, Montgomery County, Kansas

Located one-quarter mile south and one mile west of Dearing turnoff on old U.S. 166 highway on the north side of the road. This is a pioneer cemetery which is still in use. Information transcribed by members of the Montgomery County Genealogical Society, but mostly by Miss Kathreen Norfleet and Mrs. Mildred London.

There are many graves that have no markers, but a list of pioneer lot owners does exist. Some markers are illegible, others have plain white slab markers with only initials or no markers at all. Many have only funeral home markers on which the information is now gone, no other markers of these graves have been made. The oldest legible stone found is that of John W. Speake, born December 22, 1853, and died February 6, 1872.

Frank			Old Round School House

Located inside the old round schoolhouse.

The 1881 Atlas of Montgomery County, Kansas shows that the surrounding land at that time belonged to Sarah A. Phillips (see Warranty Deed Record #486.

The questions remaining are:

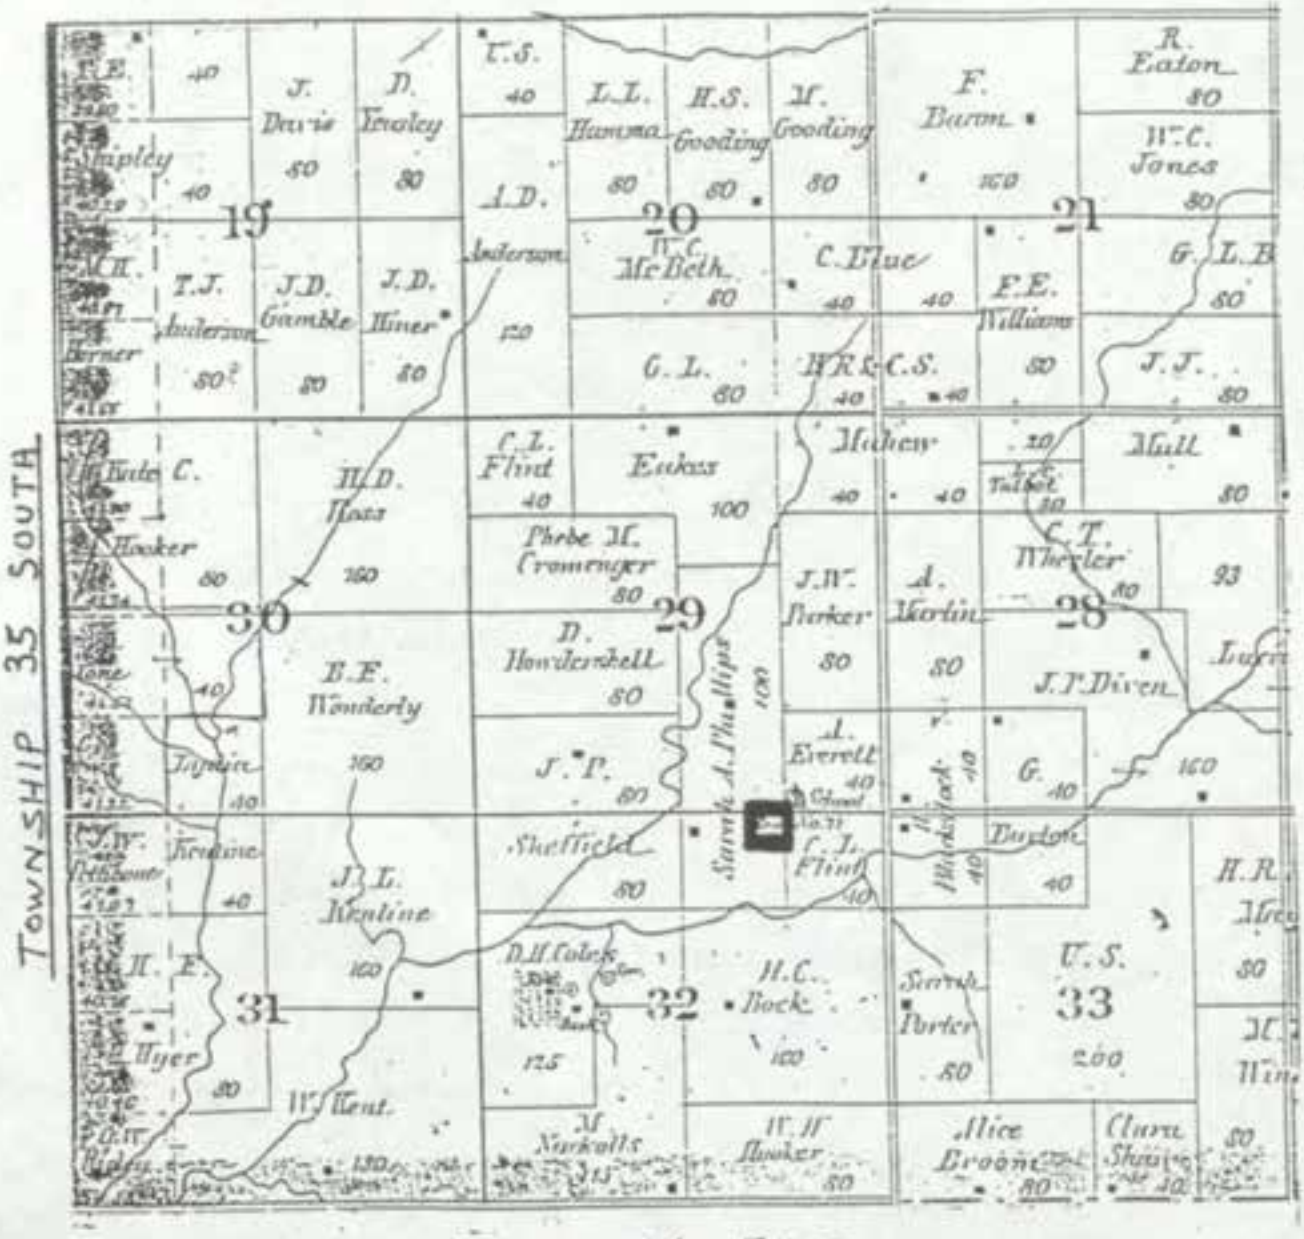

Why was it located here?

Who was buried there?

to answer the first question, there had to a sympathic landowner who, for one reason or other, would donate the needed land. Evidently, James Rumbly had such a motavation. Could it be he needed a place to bury a child or other relative? Locating it in the corner of a field or , in this case, a pasture, presented a lesser obstacle in the use of the remaining land. Also, in those days, school houses were used for a multitude of things, township meetings, social events and churchs. Traditions were to locate cemeterys adjacent to churchs to keep the dead comforted by the closeness of God and to help drive Satan away.

Rural cemeterys such as this one were used mainly by the local residents. As stated above, a child of Rumbly's would be a logical assumption. Mrs. Phillip's husband would more than likely be a canidate as well as Mrs. Phillips herself. The 1881 Montgomery County Atlas shows the various local owners, any of which or their children could have been interred here.

In genealogical research an abandoned unmarked graveyard may be the only clue to the resting place of a lost ancestor who may have resided in that particular general area.
